offices and I would appreciate your support on the
amendment. That is all it does is to strike that provision
that says that you have to be 30 or younger than 68...don't
understand the requirements, I think it is time we corrected
that. Thank you.

SENATOR KILGARIN: I would move the adoption of the
amendment at this point, Mr. President. Thank you. I think
that maybe I was too brief in my remarks. Let me again
reiterate exactly what the amendment does. It conforms
membership with those who are allowed to run for the Public
Service Commission to many of the other offices that are
contained in LB 623. As the law is presently, you are
really restricting who can serve on that board. You have to
be between the ages of 30 and 68. I think it is the only
one on the books that says you can't be older than 68 to run
for a public office. I know we have some age limitations on
the bottom end but I just found it extremely unusual that we
would have an age limit on the upper end and, of course, I
have heard some old war stories about why that law is the
